Distinguished Tata-Infosys Lectures

Department of Theoretical Physics

Asymptotic Symmetries and Soft Theorems: From QED to Black Holes

Lecture 1
Date: Jan 16, 2017
**Time:** 11.30 am

Lecture 2
Date: Jan 17, 2017
Time: 12 pm

Lecture 3
Date: Jan 18, 2017
Time: 10 am

Venue: A-304, TIFR

Andrew Strominger
(Harvard University)

(Duration and Location are subject to irreducible jitter)

A pedagogical introduction will be given to highlights of the recently-discovered infinity of conservation laws which control the infrared dynamics of all four-dimensional gauge and gravitational theories.
