

TIFR ASET Colloquium

AI for Science at the Rutherford Appleton Laboratory

Dr. Jeyan Thiagalingam, (Rutherford Appleton Laboratory, UK)

Monday, June 6, 2022 at 4 p.m.

YouTube Live Link: <https://tinyurl.com/AI4Science>

The talk will focus on how we have been specific about this rather broad challenge, along with a number of real-world examples covering different areas of the challenge, such as astronomy, material sciences, and core machine learning.

Dr Jeyan Thiagalingam heads the Scientific Machine Learning (SciML) Research Group and the AI for Science initiatives at the Rutherford Appleton Laboratory, Science and Technology Facilities Council (STFC) in the UK.
