

TIFR ASET Colloquium

Bridging the gap' between chemical industry and academia in India through open innovation

Dr. Dietmar Hueglin, Director, Innovation Campus Mumbai & Vice President, Advanced Materials and Systems Research, BASF Chemicals India Pvt. Ltd.

The fundamental role of collaboration between industry and academia for successful market-oriented innovation will be outlined. Examples from BASF's over 150 years of history demonstrate that collaborative innovations strongly enhanced the progress of society and the prosperity of nations

Dietmar Hueglin holds a Diploma in Chemistry and a PhD in Natural Sciences, both from University Freiburg in Breisgau, Germany. During his 32 years of career in industrial research, he assumed scientific and management positions in Germany, Switzerland, and India.
