

Conference on Topological Aspects of Quantum Matter 2018

Infosys Public Lectures

TUESDAY DECEMBER 18, 2018

5:00 PM to 7:30 PM

HOMI BHABHA AUDITORIUM, TIFR, COLABA, MUMBAI

Two of the world's leading researchers will speak on the frontiers of quantum condensed matter!

The Emergence of Topological Quantum Matter

Prof. Charles Kane
Univ. of Pennsylvania

Prof. Steven Kivelson
Stanford Univ.

Superconductivity: Quantum Mechanics at the Macroscopic Scale
